

Estate gifts play a critical role in ensuring access to and excellence at the University of Illinois at Chicago (“UIC”) for generations to come. UIC, in partnership with the University of Illinois Foundation (“Foundation”), seeks to ensure that your estate planning documentation’s language accurately and appropriately reflects your philanthropic intentions in ways that everyone is confident can be achieved. In an effort to provide guidance to you and your professional advisers, below please find our recommended language that should be included in your estate planning documentation depending upon your chosen giving vehicle.

Beneficiary Designation Form Language

Use the following language on beneficiary designation forms for life insurance policies, retirement plan accounts - IRAs, 401(k) plans, 403(b) plans, etc. - and any payable on death (POD)/transfer on death (TOD) forms with bank or brokerage accounts:

University of Illinois Foundation FBO University of Illinois at Chicago *[optional – program/department/college]*
Tax ID 37-6006007
Attn: Office of Gift Planning and Trust Services
1305 W. Green Street
Urbana, IL 61801

Bequest Language

General Language

Use the following language to provide a bequest through your will or trust to benefit UIC:

I leave [% of estate/\$ amount/residue] to the University of Illinois Foundation, a not-for-profit corporation (Tax ID 37-6006007) located in the State of Illinois, to support the University of Illinois at Chicago *[optional – program/department/college]*.

Language to Use for an Endowed Fund Established through a Separate Fund Agreement

Many donors find that executing a fund agreement allows them to better articulate their philanthropic intent to create an endowed fund. In executing an agreement, you not only ensure your intentions are clearly specified, but you also allow the Foundation and UIC to confirm they can fulfill your intentions via a mutually-agreed-upon document. Fund agreements can also: (1) serve to name an endowed fund for yourself or someone you wish to honor, and (2) be personalized to include a brief biography and/or your motivations for leaving a legacy.

Contact us to initiate the fund agreement process and then, after your fund agreement is fully executed, use the following language in your will or trust to direct a gift for use as specified in your agreement:

I leave [% of estate/\$ amount/residue] to the University of Illinois Foundation, a not-for-profit corporation (Tax ID 37-6006007) located in the State of Illinois, to the [Fund Name] pursuant to the agreement executed by me and the University of Illinois Foundation. If no such document exists, this bequest should support *[student scholarships/faculty research/facilities]* at the University of Illinois at Chicago.

Language to Use for an Endowed Fund without a Separate Fund Agreement

Some donors and their advisers choose not to execute a fund agreement with the Foundation, instead stipulating all the terms for their newly-created endowed fund in their estate planning documentation itself. While the Foundation prefers all endowed funds have a governing fund agreement on file, we can work with you and your attorney to establish an endowed fund with appropriate language in your estate planning documentation. The following language should be used in your will or trust to direct a gift for use as specified in an endowed fund created through your estate plan:

I leave [% of estate/\$ amount/residue] to the University of Illinois Foundation, a not-for-profit corporation (Tax ID 37-6006007) located in the State of Illinois, to establish the [Fund Name]. The principal of this Fund shall be invested as part of the University of Illinois Foundation's permanent endowment and in accordance with its policies. The endowment distribution therefrom is to be used by the University of Illinois Foundation to support the University of Illinois at Chicago *[optional – program/department/college]*.

Customized Bequest Language

The Foundation's Office of Gift Planning and Trust Services ("GPTS") is also happy to draft custom bequest language specific to your intended gift.
